

I can't delete invoice payment if I need it makes loading

<https://drive.google.com/file/d/1rJP2V2W4Jsjj2SjY1xLUaUcLFSQZOpKB/view?usp=sharing>

The screenshot shows the software's invoice management system. On the left, a sidebar lists several invoices with their respective due dates and payment status (e.g., Fully paid, Not paid). The main area displays Invoice #76 in detail. The invoice is dated 24/01/2026, due on 07/02/2026, and totals \$120.00. It includes a breakdown of items: Domain registration (\$120.00), Sub Total (\$120.00), and Balance Due (\$0.00). The payment method is listed as Cash (\$120.00). A circled amount of \$120.00 is highlighted in the payment section.

there is still different these due amount in the dashboard Please check this short video in the link below.

the Total from the due amounts in the dashboard and also the totals of the invoices in the invoice and the one you added the dashboard are different

<https://drive.google.com/file/d/12yJWyeUXTbrcf7hclIJcpockDA-03xU/view?usp=sharing>

The screenshot shows the software's dashboard with several key metrics. In the center, the 'Invoice Overview' section highlights a total of \$8,920.00 invoiced, \$3,140.00 payment received, and a due amount of \$5,780.00. A red circle surrounds the '\$5,900.00 Due' value. To the right, a circular chart compares income vs. expenses for the current year and last year. Other sections include 'Projects Overview' (5 Open, 1 Completed, 1 Hold), 'All Tasks Overview' (7 To do, 1 In progress, 6 Done, 1 On Hold, 1 Expired), 'Team Members Overview' (5 Team members, 0 Members Clocked In, 1 On leave today, 5 Members Clocked Out), and 'Ticket Status' (0 New, 0 Open, 5 Closed). A red arrow points from the 'Due' value in the invoice overview to the 'Due' value in the circular chart.
